

LEWIS NOT USED
TO GAY PARIS

Had Dramatic Start As
Boxer In French City;
Slammed Referee.

When Willie Lewis went to Paris years ago to start boxing in the big froggery town, he was a novice at the drinking game and rarely touched anything but the old soda.

Some French sportsmen came along, sat alongside our hero and started to talk fight. One of them ordered a round of drinks and they bullied Willie into lapping up some shabba. Not being aware of the awful kick in that round, Willie went after it like a lion. He thought it was a sweet temperance drink and waded into it.

The night of the fight he walked along half-dazed with Dan McKitterick. He was stripped and in the ring before he knew it. Things seemed amok and he didn't hear or see things as usual.

The referee called the men to the center. McKitterick did the talking. Willie says the next thing he knew a bell rang and he walked over, shook hands with the referee and knocked him for a goal.

Twenty minutes for a new book. An hour later the referee was all right again and Willie swung at the guy he saw in the middle of the ring for six rounds. It was a draw.

JERSEY FANS TO
SEE LONG BOUTS

Legislators Authorize 12-
Round Contests in
"Skeeter" State.

Newark, N. J., May 18.—The amendment of the New Jersey boxing law which permits the staging of 12 round bouts in the "Skeeter" state, has proven a great boon to the boxing fans of not only New Jersey cities but New York and other nearby towns as well.

Bouts Too Short.
The Jersey boxing solons, after watching the eight round game for more than a year, decided that the distance was a bit too short. The best boxers in the business were able to travel eight rounds easily, often losing along, and the Jersey boxing commission felt that the boxing public was not always getting its money's worth.

Church Leaguers Forming Plans.
The Y. M. C. A. stands ready to cooperate with the churches in the organization of any type of physical endeavor but is more than anxious at the present time to work with the church solons in the organization of a Church League which is a most timely and reasonable piece of athletic work, according to physical director A. L. Holm.

A meeting will be held in the Y. M. C. A. physical office on Thursday night of this week to complete plans for this league.

All church men who are interested in the promotion of athletic work in the churches are asked to attend.

FREE SWIMMING CLASSES TO BE OPENED AT Y. M. C. A.

The Y. M. C. A. free instruction swimming classes for El Paso boys of between 10 and 15 years of age will open June 1, for a period of one week. Every boy in the city is eligible and applications are now being received at the Y. M. C. A. Two classes will be held under the direction of A. L. Holm, physical director.

Last year more than 1800 boys attended the classes during the single week, more than 75 per cent of whom learned to swim, receiving the medal presented by the Y. to successful candidates. The same method of record will be followed this year, all boys learning how to swim within the stated period receiving a medal announcing their proficiency.

Search Out the
Germs of RheumatismFind Out What Causes
Your Suffering, and
Go After It

Arn't you about ready to come to the conclusion that you are absolutely ignorant of the cause of your Rheumatism? You know all about its aches and pains, and are well aware of the fact that they seem to increase and grow in intensity, but have you any definite idea of the cause and origin of all this suffering?

"What is Rheumatism?" is a question that has not yet been answered entirely satisfactorily. There are still different opinions as to its exact cause, but little doubt that its pains are real.

The truth of the matter is, a great majority of the most learned doctors are full of doubts about Rheumatism. They probably are familiar with some of the local conditions that superinduce the disease, as well as its peculiarities and effects, but when it comes to a definite analysis of the disease, in all of its different phases, the medical profession has made little progress toward mastering this painful disease.

Perhaps, like thousands of other sufferers, you have thought that the right way to treat Rheumatism is to rub with liniments and lotions that part of the
